11. Longbow
12. Historical Bow

Barebow - Recurve

Rules:

1. Bow, arrows, strings and accessories shall be free from sights, marks, blemishes or laminations markings which could be used for aiming.\n If such blemishes or markings are present on the window of the bow riser, the full length of the back of the window shall be covered with tape.
2. Written notes carried on the archer's person are permitted.
3. An adjustable arrow rest may be used to control the space between the arrow and the face of the bow window. The arrow rest shall not extend above the arrow shaft. Exec Note: parts of the arrow rest that are considered necessary for the proper functioning of such arrow rest may extend above the arrow, especially in the event of very thin arrows; e.g. Stick-on plate, pressure button, spacer, etc.
4. The use of stabilisers is permitted.
5. Draw stops incorporated in the cams of a compound bow are permitted.
6. One permanent nocking point only is permitted which may be marked by one or two nock locators. The distance between two nock locators shall not exceed the distance required to prevent the pinching of the arrow. Exec Note: about 12.5
7. No mechanical device will be permitted other than one non-adjustable draw check and/or level mounted on the bow, neither of which may extend above the arrow.
8. All arrows used shall be identical in length, weight, diameter, fletching and nocks, without regard to colour, with allowance for wear and tear.
9. One or two string stoppers may be used provided they lie outside the line of vision and cannot be used for aiming.
10. The use of a "D" loop for fingers is not permitted. (IFAA Exec ruling)
